EDITION TERMS · ENGLISH 1.0

The Midnight Sleigh Bureau — all four English editions

These terms come with your edition and supplement the Tangled Thistle Terms of Sale at tangledthistle.blog/terms-of-sale/. The seller is Northern Lantern House LLC. They apply to purchases of this edition from its release; they do not replace the terms of any earlier order, and earlier buyers keep the rights they bought.

1 · WHAT YOUR PURCHASE LICENSES

Your purchase licenses the named World and edition shown on your receipt. **Private use.** A Complete World Experience private-use edition is for your own private occasions; you may hire professionals to help you within that scope. It does not license an event business, restaurant, hotel or independently reusable client resource. **Commercial use.** A commercial World at the Table, World Residency or Hotel World Season edition licenses the purchasing business and its controlled subsidiaries to customize, promote and operate that experience at up to five simultaneously active registered operational units per purchased block. The location definitions, registration and no-fee replacement rules supplied with this edition apply. Independent franchisees and unrelated businesses require their own license. You may repeat the purchased experience without a yearly renewal or per-event fee; no exclusivity is granted.

2 · ADAPTING AND OWNING

You may adapt the supplied material, recipes, menus, branding, guest print and presentation for licensed use. Public credit is optional. We retain our underlying original rights; you retain rights in your own original contributions. Neither claim gives you ownership of, or a right to redistribute, the other party's pre-existing material. Third-party components remain subject to their disclosed terms.

3 · SHARING WITH THE PEOPLE WHO HELP YOU

You may share necessary working files with your employees and contracted professionals solely for your licensed work. They may not independently reuse, sell, sublicense or redistribute the originals. Do not share account credentials, paid recovery links, blank resources or source collections publicly. Finished guest-facing material and marketing for your licensed experience may be distributed as intended; the underlying package may not be resold or offered as an independent resource.

4 · WHAT THE PACKAGE IS

The package supplies creative and planning resources, not installation, catering, engineering approval, a tested kitchen service or guaranteed financial results. You and your qualified providers adapt and validate operation for your actual venue. Source recipes and safety information stay complete, and untested recipes are labeled honestly:

every recipe in this edition is a developed recipe that has not been kitchen-tested. Images are concept visualizations.

5 · DURATION, CORRECTIONS AND BREACH

The purchased edition's permitted use is perpetual, subject to its terms. New Worlds, major enhanced editions, added content and studio services are not automatically included. Corrections to defective delivered files remain free. The seller will give notice and a 30-day opportunity to cure a remediable material breach before terminating the affected license; urgent proportionate access protection may apply to compromised credentials or active unauthorized redistribution. File hosting and online support are maintained while the edition is supported and are not promised in perpetuity: keep your own copy.

6 · REFUNDS

The current Terms of Sale's fourteen-day refund policy applies, with no reason or deletion affidavit required for an ordinary request. A refunded license does not authorize future use. Mandatory rights and appropriate remedies for missing, broken or materially misdescribed purchases remain unaffected. Your receipt and the edition terms provided before checkout record what you bought.

OPERATIONAL UNITS

What counts as one of your five

KIND OF PLACE	COUNTS AS
Dining	Each distinct restaurant, café, bar, tea room or independently operated dining or lounge outlet is one unit, including several outlets in one hotel. A terrace, private dining room, overflow or seasonal seating area shares its parent outlet's slot only when it is part of the same service offer and is not independently operated or bookable. A standalone bar with its own offer counts separately.
Event venue	A distinct, independently bookable event venue or suite is one unit. Rooms hired and run together as one venue for one engagement share that unit; suites operating concurrently and independently count separately.
Lodging	One named hotel, resort, inn or boutique hotel at one contiguous property may count as one lodging and common-space unit covering arrival, shared guest spaces and guest-room touches. Each independently operated dining outlet remains an additional unit. Separate properties count separately.
Pop-up or mobile	One active unit at one deployment address at a time. Sequential deployments may replace that slot with recorded dates; concurrent deployments use separate slots.
Outside the standard licence	Retail shops, standalone attractions, museums, schools, care or health facilities and standalone short-term-rental portfolios need a separately agreed permission.

REGISTRATION

Before first commercial public use, send through tangledthistle.blog/contact: your order reference, legal purchasing entity, business contact, World and edition, and for each active unit its name and type, physical or temporary deployment address and dates, and legal operating entity. A template is in the asset library. Registration is a notice

and a record, not a design approval. A complete, dated submission within your purchased scope is effective when sent; a delayed acknowledgement does not invalidate it. Keep a copy. Never send passwords, card numbers or guest lists. Your download does not wait for registration.

REPLACING A UNIT

Replacement is free for a permanent closure, a relocation, a completed temporary engagement or a genuine change of operating unit. Tell us the new unit, the retiring unit and the date, and confirm the retiring unit has stopped using the licensed experience. There is no annual cap and no waiting period. Never exceed five active units at once. A clearly historical public record of a past run may remain; a retired unit may not go on advertising a bookable licensed experience.

CONTROL AND SUCCESSION

A controlled subsidiary is an entity more than 50% controlled by voting ownership, or controlled through an enforceable right to direct its management. Common branding, a minority stake, a management contract alone or a franchise agreement is not control. If control changes and the purchasing entity survives, its rights continue; subsidiaries that leave its control stop use or buy their own licence. A merger successor that assumes the purchaser's obligations may continue after notifying us. An asset sale, sale of a venue or sale of the files does not transfer the licence.

SCOPE

Non-exclusive. No geographic exclusivity or protected trading area. You may charge guests, use your own branding, and adapt freely; your modifications need no approval and must not be described as studio-tested or certified. Additional unit blocks are not currently offered. "Three zones" in the Season edition describes authored content, not extra licence slots.

THIRD-PARTY COMPONENTS

The typefaces used in the books and print files are Cardo, Crimson Text and Inter, each under the SIL Open Font License 1.1; the licence texts are included in the print folder. No other third-party software, stock or subscription is required to read the books. Editing SVG, DOCX or XLSX files needs software of your own choosing.

LANGUAGE

This is the English edition 1.0. A Mexican Spanish (es-MX) edition has been prepared with AI assistance and is awaiting qualified human review. When it is released, it is included for this purchased edition without a second language fee, under the same single entitlement. No release date is promised.

HELP

Purchase help, download recovery, registration and corrections: tangledthistle.blog/contact, or reply to your order email.

Edition terms version: XMAS-01 · English 1.0 · 19 November 2026. This is plain-language working commercial copy and has not been independently reviewed by a lawyer.
